

Case No. 13-53846

February 22, 2014

Judge Steven Rhodes  
United States Bankruptcy Court  
Eastern District of Michigan  
Southern Division  
211 W. Fort St, Suite 1800  
Detroit, MI 48226

When I got my job with the City of Detroit  
I wanted to work with the city because  
of all the benefits it offered.

I am heart broken.

My husband is blind + on Dialysis  
Three times a week it takes gas a lot  
of gas.

We need the best insurance we can  
get.

If cut or any part of our or my money  
gets cut I might as well dig a hole  
in my back yard to lay us both to  
rest because I surely can not or  
will not ~~be~~<sup>able</sup> to pay for a funeral.  
I would have to choose food before health  
care. It will also put me to ~~go~~ go  
the soup line. Please help me to  
keep all my retirement benefits.

Sincerely,  
Binnie L. Boatner

P.S. Hands off our business
